In the circumstances the concerned Slate Governments have to devise various measures and take concrete steps to curb left wing extremist activities in States. However, keeping in view the overall dimensions, which left wing extremism has assumed, it has become a matter of concern for the Central Government as well. It has, therefore, set up a high level Coordination Centre, headed by the Union Home Secretary with Chief Secretaries and Directors General of Police of the seriously affected States, as its members, to review and coordinate steps taken by these States to check the left extremist activities, monitor the plan of action in respect of each State and to make recommendations both on development and security aspects of the problem.

The Coordination Centre has been meeting periodically. Several important decisions such as providing financial support from the Centre for combating left wing extremists activities, construction/improvement of identified critical roads preparation of plans for development of affected areas to tackle the problem in a holistic manner, sharing of intelligence inputs on constant basis, providing assistance of para-military forces on need basis etc. have also been taken and effectively followed-up.
